

Dear Commissioner,

0504 99 AUG 18 P1:53

I am writing you to request that you act on dock # 98P-0151/CP1 and stop the slaughter of downed animals for human food supply.

Only greed would prompt someone to slaughter and feed a downed animal to unsuspecting people and because of not only the humane aspect but with all of the diseases out there today that can affect animals I feel this needs to be stopped.

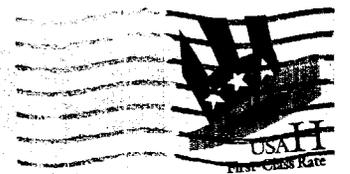

Thank you for your time.

C2234

Sincerely,
Kathy Paderhop

98P-0151
